

CHILD OF LIGHT

By May Rowland

Child of light, I bless you
I think of you, I pray for you.

Not in terms of what I think you need
Or what I think you should do or be.

I lift up my thoughts about you.
I catch a new vision of you.

I see you as a Child of Light.
I see you guided and directed by an inner Spirit,
That leads you unerringly onto the path
that is Right for you!

I see you whole and strong.
I see you confident and courageous.
I see you blessed and prosperous.
I see you capable and successful.
I see you free from limitation or bondage of any kind.
