

ARRIVAL

Arrival: Sign In

Have copies of the following documents easily accessible in each classroom or in a central location.

- Registration Forms
- Medical Release Forms
- Photo Release

Welcoming Everyone Into the Classroom

From www.consiousdiscipline.com

Invite a teacher or student to greet the children at the door as they enter the classroom. The teacher needs to be at eye-level with the children. Create a greeting board with pictures and descriptions of fun ways to be greeted.

Additional Support

- If children have toys with them, invite them to place them on a shelf where they can pick them up on the way out.

Picture Rituals

From www.consiousdiscipline.com

Post pictures that describe what the children are to do as they enter the classroom. (*Photos of children signing in, making a name tag, being helpful, doing whatever is a part of your routine.*)

Composure Activities

From www.consiousdiscipline.com

Post signs around the room that remind the children of their own power to compose themselves. A sign that remind them to keep breathing, "You are Safe, Keep Breathing, You Can Handle It" and a sign that tells them the process of coming back to center, "Stop, Take a Breath, and Relax."
